National White Collar Crime Center

High-Tech Crime.
High-Tech Solutions.

- ▶ NW3C provides a nationwide support system for law enforcement and regulatory agencies tasked with the prevention, investigation, and prosecution of economic and high-tech crime. For over 40 years, NW3C's comprehensive training and technical assistance programs have helped law enforcement professionals master the principles, concepts, and skills they need to fight these and related crimes.

Product

In-person Training

In the last five years, NW3C has trained more than 67,000 students in all 50 states. NW3C's in-person training features student-centered, hands-on practical exercises. Our top-notch instructors are working professionals with years of experience in the field.

Online Training

Since 2014, NW3C has made high-quality training available around the clock via a robust in-house online learning platform that reaches thousands of criminal justice professionals every month.

Tools & Resources

NW3C distributes valuable forensic tools to law enforcement professionals free of charge. Resources like the new Law Enforcement Cyber Center (LECC) website keep investigators, prosecutors, and police chiefs informed and up to date.

Technical Assistance

Every year, NW3C provides hundreds of hours of onsite and offsite technical assistance to state, local, tribal, and territorial law enforcement agencies investigating economic and high-tech crimes.

Webinars

NW3C's webinars present a low-cost opportunity for criminal justice professionals to enhance their skills and learn from expert presenters without a large time commitment or the need to travel to a training site.

Prosecutors & Judges

NW3C reaches out to prosecutors and judges with specialized training to ensure that cases involving economic and high-tech crimes are treated effectively and fairly in the courtroom.
