## Preventing Line of Duty Deaths: A CHIEF'S DUTY

This agency self assessment tool is designed to help law enforcement leaders evaluate their agency's efforts to fully address the safety needs of their officers. Use this tool to proactively examine the range of critical officer safety strategies and determine areas where your agency can take action to improve. When taken together, the infrastructure improvements, systemic policies and strategies covered by this checklist will enhance officer safety and potentially prevent acts of violence against law enforcement.

Use the resources identified for each topic to help you address these issues within your agency and use the checklist on the back page to map your progress.
